To Whom It May Concern,

As Turkey - China Silk Road, Economic, Trade, Culture and Art Cooperation Association, established to enhance the cooperation between China and Turkey, we are honored to have Petma Marble as one of our strong members.

Petma Marble is a subsidiary of Pet Holding that has operated in different regions of the world, established partnerships with numerous international firms and has 38 years of work experience and culture. Petma Marble exports its beige marble blocks produced in Petma's Beige marble quarry in Ulutepe village, Turhal district of Tokat City, Turkey.

Petma Marble wishes to promote "Turalit Beige" marbles to Chinese project companies and marble block buyers. Turalit Beige Blocks are distinguished with their solid and homogeneous quality and preferred in many projects in Turkey and abroad.

As TUCIDER, we believe that Petma Marble will create the infrastructure of a reliable and long-term cooperation with Chinese companies that are also highly regarded in natural stone market. We give our full support to Petma Marble in every field they wish to operate.
